## 1 Training

To successfully create pdfs with citations from org-export-dispatch, you have to change the variable ‘org-latex-pdf-process’ to use latexmk instead of latex, as described in [this link](#).

In **doom emacs**, you can change this variable in `~/.doom.d/custom.el`

Citing here. [Wirthlin et al., 2018]

Citing again. [Vieira and Prosdocimi, 2019, Valdez-Velázquez et al., 2020, Zhang et al., 2014]
